AD FEES AND ORDER FORM

Home page ads, whether banner ads or side bar ads, must be political campaign ads, only, and, ideally, should be hyperlinked to campaign Web sites. Campaign ads are reported as in-kind contributions, at \$300 per annum, regardless of the length of the campaigns. This is to comply with FEC regulations. Exposure positions on the site are awarded on a first come, first served basis and double exposure (a banner ad, plus a side bar ad on another page) is at the discretion of the RRPEC and/or the site manager.

Nonpolitical, business ads that may not appear on the home page are sold according to the following schedule:

- * Banner ad on a folder page (must be linked to a Web site): \$25 initiation fee; \$100 per month
- * Folder page, side bar ads that are linked to a Web site (will appear on all folder pages): \$10 initiation fee; \$50 per month
- * Folder page, side bar ads that are not linked to a Web site (will appear on all folder pages): \$10 initiation fee; \$30 per month
